

S. P. Fire Train At Truckee Cut In Saving Move

Helper Engines Equipped To Handle Emergency Fire Needs

B. J. Riordan, Truckee Southern Pacific roundhouse foreman, announced this week that he had received instructions from M. L. Jennings, superintendent of the Sacramento Division, that the services of the emergency fire train at Truckee be discontinued.

Riordan, who is also a member of the Truckee Fire District board of commissioners, is urging the volunteer fire department here to increase its supply of fire hose and keep the equipment in top condition in event of a major fire in the district.

While the fire train engine will be discontinued, the instructions to Riordan said that helper engines regularly available here should be properly maintained so that an emergency can be met if necessary. It is understood that these engines are equipped with proper hose connections and that the same results may be obtained as with the fire train.

Riordan, however, indicated that there are times when the helper engines are not available and it is during these times that he wants the increased protection of the department.

The saving to the company by discontinuance of the fire train will approximate \$250 a month, Riordan has been advised.

Fire fighting equipment will be maintained at the roundhouse and made available for the helper engines if an emergency arises, the instructions said.

CITIZENS WARNED AGAINST BURNING IN OPEN BY CHIEF

At a meeting of the volunteer fire department held Tuesday night at Moro's, Chief N. F. Dolley again stressed the importance of caution with outdoor fires and said violators will be severely dealt with if the practice is continued. This warning was supplemented by a report from Commissioner B. J. Riordan that the Southern Pacific's fire train will not be in operation during the coming summer.

Twenty-five members attended the dinner meeting.

Foreign Relations Talk by Lawyer at Lions Meeting

James Snell, Grass Valley attorney and candidate for superior judge, gave an informative and interesting talk at the meeting of the Lions Club last night, using as his topic "Our Foreign Relations." Snell emphasized the fact that while we win all our wars we invariably lose the peace, allowing other nations to benefit from our efforts without making demands ourselves.

Dr. J. H. Bernard, another guest at the meeting, was presented with a scroll and lapel button for his service with the Selective Service System.

Other guests included Vernon Stoll of Grass Valley, also a candidate for the judgeship; Fred Williford, H. N. March, Del Powell and Bill Tamblin, all of Grass Valley and Nevada City, Bob Bruce of Reno, and Lt. John Sabini of Boca. C. B. White presided.

Tahoe Man Is Buried At Eastern Birth Place

NORTH TAHOE—Tahoe friends this week were shocked by the sudden passing of William Blaue, 44, of Tahoe Vista, who died Sunday, May 12, following a heart attack. A native of St. Louis, Mo., Blaue came to Tahoe in August last year.

He is survived by his mother and daughter, Betty, who accompanied the body to St. Louis for burial. They are expected to return here following the services.

Odd Fellows Seek Help In Cleaning Graveyard

Truckee residents who have plots at the Odd Fellows cemetery are asked to clean up the place and put the debris in piles so that the county equipment, under the direction of Supervisor H. G. Loehr, can haul it away. Bill Meyers is chairman of the Odd Fellows committee.

The committee, as well as others who wish to join in the general clean up, are asked to be at the cemetery on Sunday, May 26, to get the annual job completed.

Kings Beach Resort Open for Season Says Manager

KINGS BEACH—Mrs. Beatrice Greene, recently appointed manager of Kings Beach Resort, reports that the resort is again open for the season after an extensive program of alterations and improvements. The reservations indicate the season will be the biggest in the history of the popular resort.

Snider to Head Hospital Group In Funds Drive

\$20,000 Sought from County To Start Building Of Hospital

The Truckee Hospital Committee, made up from representatives from the six civic and service organizations of the town, met Tuesday evening at the office of R. N. Little where plans were discussed for a meeting with the board of supervisors to have that group earmark a fund of \$20,000 to be used in constructing a hospital here.

The \$20,000 is part of a huge fund returned to the counties by the state recently and does not come from the county tax funds.

H. I. Snider, representing the Rotary Club, was named chairman of committee with Mrs. A. P. Leitch of the Wyethia Women's Club chosen as secretary. Other members are Leroy Wilson, American Legion; R. N. Little, Lions Club; A. G. Bradshaw, Truckee Outdoor Sportsmen; W. M. Barrett, chamber of commerce; and N. F. Dolley, fire department. H. G. Loehr, local supervisor, attended the meeting in an advisory capacity and explained the proposed program.

Another meeting of the committee will be held next Tuesday at the same place at which District Attorney Ward Sheldon and perhaps other county officials will attend to explain the requirements. A representative of the committee will then attend the meeting of the supervisors on June 1 to set forth the desires of the community.

CROWD SEES FIRST MOTOR BIKE RACE SINCE WAR'S END

Scores of spectators Sunday afternoon gathered just east of Truckee Resort on Highway 40 to witness the thrills provided by the Reno Motorcycle Club in their first AMA meet since the end of the war. The events were well timed and offered an abundance of interest.

Victor Lambert took high point honors with 13 and won the Bud Oden Trophy. Oden was second with eight while Dave Willis and Jack Alexander tied for third with six. Bob Griggs scored five and Walter Lockhart four. The results were:

Passenger pickup: Lambert, first; Oden, second. Slow race: Oden first. Willets second. Hat Scramble: Art Whitney, first; Lambert, second. Cave Man Socker: Stan Darniel, first; Alexander, second; Oden third. Figure 8: Lambert, first; Oden second. Digout: Oden first, Eddie Carleton second, Alexander third. Gray grab bag: Griggs, first; Lambert second; Lockhart, third. TT race: won by Lambert, Willets second, Lockhart third, Alexander fourth, Griggs fifth.

Triple Observance Marks Langille Family Reunion

Mr. and Mrs. Harold Langille were hosts to Mr. and Mrs. J. C. Langille of Berkeley and Mr. and Mrs. J. K. Langille and children, Shirley and Wallace, of Placerville, on Sunday, May 12. The triple event of Mother's Day, which was also the birth date of J. C. Langille, and the wedding anniversary on May 19 of Mr. and Mrs. Harold Langille, was celebrated with a family dinner at Lake Tahoe.

Wyethia Club Breakfast Is Enjoyed by Members

The Wyethia Club held their annual breakfast at the club house on May 9th with the members wearing their garden clothes. The costumes were varied and a source of great amusement.

Following the short business meeting, breakfast of fruit, doughnuts and coffee was served at card tables gaily decorated in spring flower effects. Spring flowers were used for decorations in the club house.

Mrs. Miriam Zwarg, as master of ceremonies, had charge of the program. Prizes were awarded for the various stunts and were all appropriate to gardens. The oldest member, Mrs. Horn, was given a box of pansy plants. A cake was given to Mrs. R. C. Gifford and two pies to Mrs. A. Mahne and Mrs. Robert Leamon.

The committee in charge was Mrs. Elden Tonini, chairman, Mrs. Jack Townsend, Mrs. Thomas Sheehan and Mrs. Zwarg.

Albany Woman Injured Seriously in Car Crash

Laura Anne Gloor, 24, Albany, suffered serious injuries Sunday at six o'clock in the evening when a car driven by Jens John Berthelsen, 33, Berkeley, got out of control and overturned two miles west of Rainbow Tavern. Miss Gloor was taken to a Colfax hospital. State Patrolman William Gautsche, who investigated, gave Berthelsen a citation for driving without due caution. The officer said that excessive speed undoubtedly caused the mishap.

Washington was the first president to issue a Thanksgiving Proclamation.

Zoebel Rites Held Here On Sunday At Local Church

Ill Health Held as Motive For Suicide Of Former Business Man

Funeral services for Laurence E. Zoebel, 35, who, according to Deputy Coroner N. F. Dolley, ended his own life with a pistol bullet through his head last Friday morning, were held at the Community Church Sunday afternoon at 2 o'clock. The Truckee Funeral Home was in charge of arrangements.

The rites were conducted by Rev. Marvin Quattlebaum and the song service was rendered by a quartet composed of Mesdames R. P. Bick, Claire Ellert, A. G. Bradshaw and R. C. Gregory with Mrs. George Kamp at the piano. Pall bearers, all close friends of the deceased, were Erving Waters, Elden Tonini, F. W. Gaennie, C. Edmunds, R. C. Gregory and A. Pace.

Zoebel's body was found in a bedroom at the home of his mother in law, Mrs. Edith Fay, who was visiting Mrs. Zoebel and the couple's two children, William, 5, and Doris, 8, in Tacoma, Washington. He had apparently become despondent over recurrent ill health and some time after six o'clock Friday morning, when he was seen by neighbors following a fishing trip, shot himself. The body was found by Mrs. R. P. Bick, a neighbor who notified Dr. J. H. Bernard who in turn called Dolley.

The deceased was a native of Los Angeles, but had lived in Truckee for 12 years, having once conducted an electrical business here. He was a graduate of the University of Nevada and while there met and married his wife, Mrs. Marjorie Zoebel. Besides his wife and two children, Zoebel leaves only an aunt who lives in Los Angeles.

TRUCKEE CLIMBS TO 3RD IN CALIFORNIA AS POINT OF ENTRY

Traffic through the state quarantine station east of Truckee registered a sharp increase in April over the March total and boosted the local station into third place among the state's 16 border stations. Blythe and Yermo led the list. In April 17,463 cars, less trucks, locals and stages, cleared the station here as compared to 15,009 in March. The cars in April carried 45,057 passengers from the east into California.

Trucks clearing the local station totaled 1,108. The Truckee station cleared one less stage than Blythe, the state leader, with 556 to 557. Stage passengers through here totaled 13,645.

In the state as a whole, 120,089 cars carried 317,541 passengers across the state lines. Buses, numbering 3232 brought in 70,217 persons last month.

Mrs. Archie Hostess For Friends at Luncheon

Sixteen friends were invited to the bridge luncheon given by Mrs. Roxie Archie on Thursday, May 9. Tulips and candles in pastel shades of spring decorated the tables.

The guests included Mesdames A. Mahne, C. B. White, Robert Bick W. F. Willkie, A. P. Leitch, R. N. Little, Walter Loynd, James McIver, Annie Tonini, R. C. Gregory, Joe King, Al Greene, Dan Smith, J. H. Bernard, and Mesdames U. Landuren of Reno and Warren Davison of Livermore.

Seasonal Opening Is Set For The Hut, Homewood

HOMWOOD—Mr. and Mrs. Edgar Myers announce the seasonal opening of their Hut at Homewood on Friday, May 17, and extend an invitation to all to drop in and get acquainted.

Myers said that many improvements have been made since they took over the establishment last August, including installation of oil heat in the cottages and complete remodeling and redecorating of the main building's cafe and lounge. The floors have all been sanded and refinished.

Transferred—

Mrs. Ralph Snavely and young son of Vallejo are visiting her parents, Mr. and Mrs. P. Petroni, while her husband is being transferred to San Diego. He is a chief petty officer in the Navy.

By WALTER M. BARRETT

If the allegations of Constable Dolley are true, and all investigations to date indicate strongly that they are, one of the most unnatural and inhumane incidents to come to the attention of the public in recent weeks was enacted Monday night when a Reno ambulance crew was accused of deliberately dumping an ill war veteran on the highway eight miles east of here to return to the scene of a motor accident where they picked up two "fares" back to Reno. The incidents leading up to the purported criminal act were sordid enough, but the treatment accorded the veteran, if true, should be severely punished.

Our attention has been called to a number of trash and rubbish fires throughout the town despite repeated warnings by the fire chief and forest service that such practices can not be tolerated. Now that the Southern Pacific has decided to take its fire train out of service here, the danger of a major conflagration is more outstanding than ever. A very small fire, scattered by frequent whirlwinds, could easily result in destruction of a major part of the town. Let's see to it that open fires are not permitted. Normal fire dangers are enough without burning the trash in the open.

TRUCKEE NATIVE'S FUNERAL FRIDAY IN CAPITOL CITY

Funeral services will be held tomorrow in Sacramento for Mrs. Lulu Finnegan, wife of the late John Finnegan, who died this week at her home in Redding. The deceased will be remembered by old time Truckee people as Lulu Garcia, born here in 1877.

She attended the local school and was married in 1895. The couple left Truckee shortly after their marriage for Redding.

Two sisters, Mrs. Belle Williamson of Lone Pine and Mrs. Ramona Charles of Redding, and an aunt, Mrs. Nona Jordan of Sacramento survive.

Burial will take place in the Catholic Cemetery in Sacramento.

Fish Prospectus Sent Out By Sportsmen, Chamber

Through cooperation with the Truckee Outdoor Sportsmen, who supply the information, the Truckee Chamber of Commerce has renewed its valuable service of distributing weekly bulletins to sporting goods houses, clubs, resorts and others, giving authentic data on fishing conditions in this area.

The bulletins give the weather and water conditions and where the fish are biting and what baits or flies are getting the best results. Through this service, sportsmen who plan to visit this area are given first hand and reliable information on what to expect.

Herb Obexer Nears End Of Navy Tour of Duty

HOMWOOD—Ensign Herbert Obexer has wired his parents, Mr. and Mrs. Jake Obexer at Homewood that he was due to arrive at San Diego Sunday after a slight from Honolulu where he was recently stationed. Herbert has been in the navy for the past three years and will come home on terminal leave. He expects to enter business with his father at Homewood.

Two Injured in Accident At Hirschdale Monday

Ben Precido, 36, Fresno, and his mother, Mrs. Martha Precido, 70, were injured Monday night when their car collided with one driven by Clifton J. Hulto, 20, of Grand Forks, North Dakota, half a mile east of Hirschdale and plunged into the rocks below the grade. Precido was cited by Patrolman M. A. Peterson and T. F. Sheehan for driving on the wrong side of the highway.

The occupants of the Hulto car escaped without injury. Precido and his mother were taken to Reno for treatment.

Helpless Veteran Put Out On Road States Constable

Officers and veterans' organizations in both Nevada and California today were continuing their investigation into a report that Henry W. Bode, 42 year old ill veteran, was dumped out of a Reno ambulance onto Highway 40, eight miles east of here Monday night shortly before midnight while the crew in the ambulance returned to Reno with two "passengers" from a nearby automobile collision.

Constable N. F. Dolley and District Attorney Ward Sheldon are heading the investigation, while a special meeting of Darrell Dunkle Post, American Legion, in Reno was scheduled today to bring to light all the facts in the sordid case.

Dolley, in recounting the story, said that he was called out Monday night to assist with the auto wreck near Hirschdale in which two people were injured. When he arrived the Reno ambulance had the two on board and they went on to the hospital.

In the meantime, a bus driver, identified as Morgan reported to the highway patrol that he had seen a man laying on the pavement between Hirschdale and Boca and the patrolmen, T. F. Sheehan and M. A. Peterson, went to the scene where the bus driver had placed flares around the man, later identified as Bode, to prevent cars from running over him.

The patrolmen said when they arrived Bode was in a semi-conscious condition and unable at first to tell his story. Later he informed Dolley and the patrolmen that he had been dumped on the road by the Reno ambulance crew who told him they were "giving you a break." The ambulance men previously told Sheehan and Peterson that they were en route to Truckee with a mental case which they had been instructed to leave here.

Bode was in a serious condition, Sheehan said, when they discovered him. They turned him over to Dolley who found lodging for him in the Truckee jail. Tuesday morning Bode said he had worked at Feather River Inn but was taken ill and went to Reno for medical aid. He was hospitalized for two or three days, he said, and then turned out. A short time later he was stricken and collapsed on the street.

He told Dolley that he was picked up by the police and taken to the county hospital and to the veterans' hospital but at both places was refused admission. Later he said the police called the ambulance and ordered him taken to Truckee and left here.

There were three men and one woman in the ambulance he told Dolley. They passed the wrecked automobile near Hirschdale, drove a mile, and then put him out onto the road where he collapsed. He does not remember anything after that until he was brought to Truckee by the patrol car.

District Attorney Sheldon said he was taking the case up with federal authorities and would personally conduct the investigation. Dryden Kuser, commander of the Reno American Legion, issued the following statement yesterday: In the case of Henry W. Bode, immediate action will be taken. In the absence from the state of Dr. Piersall, chairman of the Legion ambulance committee, I am calling a meeting of the committee this afternoon.

If any guilt or negligence on the part of our employees is found, we will take appropriate action. If it appears the police or hospital authorities are responsible, they will be given an opportunity to appear before us before we release our report.

Insofar as we are concerned no names will be withheld and the full facts will be made known. Everett Parker, service officer of the Truckee Legion, is also demanding a complete and thorough probe of the affair while Dolley is bending every effort to attach the blame where it belongs and eliminate further such cases.

Brown Seeks Accounting
From Partner In Suit

Gale Brown of Truckee, through his attorney, Vernon Stoll, has filed a complaint in the superior court against F. A. Farrar for dissolution of partnership. The partnership was formed in December, 1944.

Both parties, the complaint alleges, were to share expenses, labor, profits and losses. The partnership terminated on May 1 and Brown seeks an accounting which he says Farrar has refused to give.

Tracer Bullets Banned In State's Forest Regions

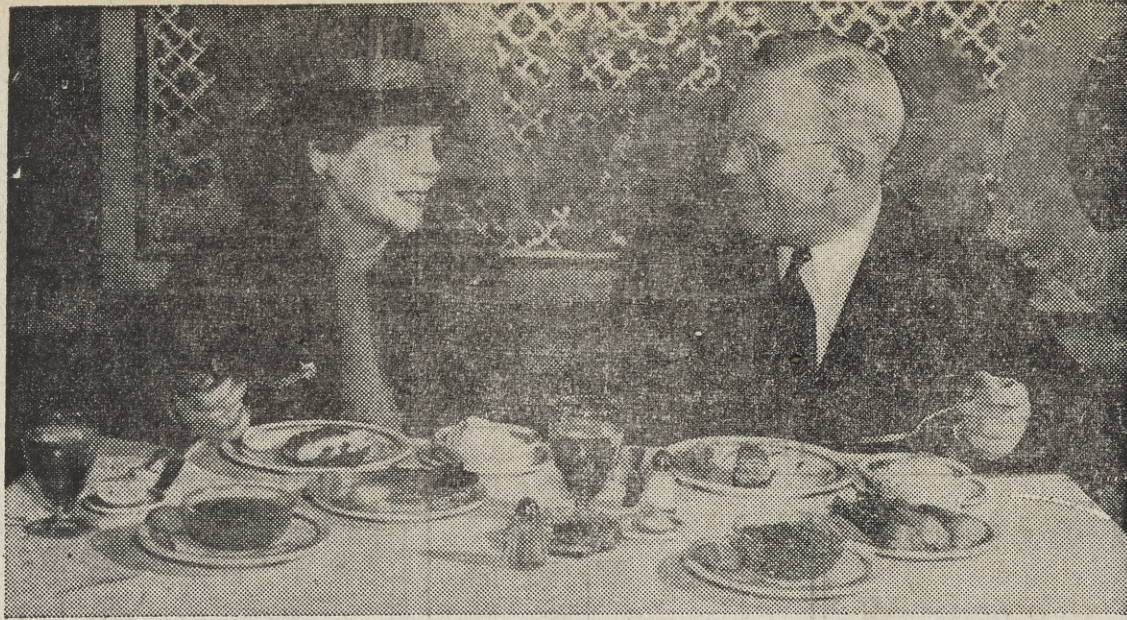

SACRAMENTO, May 16 —(UP)— Possession or use of tracer ammunition on forest and brush covered lands in California is illegal, fire prevention officers of the state division of forestry today warned sportsmen.

Recent investigations show large quantities of tracer ammunition in civilian hands, the division reported in reminding the public that the 1945 legislature outlawed its use. In issuing the warning, division officials pointed out a potentially hazardous fire season is just ahead.

State fire prevention officials said they were "extremely anxious to promulgate public understanding of the seriousness of the situation."

NOT BAD AT ALL: Governor and Mrs. Earl Warren enjoy a 320-calorie luncheon in line with President Truman's appeal that Americans diet two days a week to conserve food for the starving millions. "Not a bad meal at all," was the Governor's recent action.

BANK OF AMERICA CUTS HOURS, UPS PAY OF EMPLOYEES

A. P. Giannini, founder chairman of Bank of America, today had announced a shortened work week of approximately 40 hours, on the average, for staff members of the bank's statewide organization, and substantial increases in basic salaries of \$500 and under, amounting in some cases to as much as 30 per cent.

Giannini said that for more than a year the directors and the management of the bank had been giving consideration to the increase in the cost of living and effects on bankers, "so-called white collar workers". Increased earnings of the bank from a rapidly expanding loan volume made it possible, he said, for the directors to provide for the liberal upward revisions now announced while still observing the obligations of the bank to its shareholders and depositors.

At the time the country entered the war, said Giannini, the bank's working hours were lengthened to make more people available for other vital

needs and compensation for those extra hours was provided through a supplementary payment of 15 per cent on the first \$200 of monthly salary.

Since the termination of hostilities a substantial majority of the staff has returned from military service and more are continuing to return daily. These reinforcements, together with many new employees, have added well in excess of 2,000 to the staff and have made it possible to return to the shorter work week immediately. Although this automatically dispenses with the 15 per cent extra hours compensation, the equivalent plus a substantial amount is to be added to the basic salary.

In all, Giannini state, the directors have authorized upward salary revisions of 30 per cent for those new receiving \$200 per month or less. For those receiving more than \$200 per month and less than \$333.33 the increase will be \$60 per month, and those receiving \$333.33 but not more than \$500 will be increased \$50 per month.

These changes represent an estimated annual increase of \$8,000,000 in the basic salary structure of the bank.

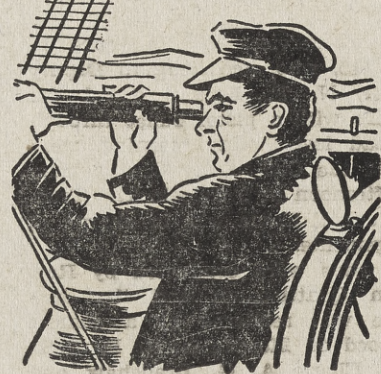

It is contemplated that the employees' profit-sharing bonus plan would be kept in effect for those who have had five years or more service with the bank, including military leave.

"The sustained loyal, united and constructive efforts of the entire organization," remarked the founder of the bank, "have produced the results which have made those rewards possible. I know our boys and girls will strive harder than ever to continue to give California the world's most courteous, finest and most comprehensive banking service while personally enjoying more hours of leisure and a higher standard of living."

The salary changes are scheduled to take effect July 1, but if the great majority of branches and departments complete their reorganizations under the shortened work week by the end of May an attempt will be made to put the whole plan into effect by June 1.

FELLOW SOLONS ARE BACKING LYON FOR NO. 2 STATE OFFICE

There are about 400 men, leaders in all walks of life and residing in every part of the state, who have served with Charles W. Lyon, speaker of the assembly, during his extended and notable public service to the people. They are all personal friends of the speaker and the great majority are active supporters of his candidacy for lieutenant governor.

Assemblyman Sam L. Collins of Fullerton points out that Charley Lyon has been speaker of the assembly during the entire incumbency of Earl Warren as governor, and has given valuable aid in shaping and steering all the liberal and constructive legislation which has been enacted by the legislature during the past four years.

Assemblyman Collins reminds the voters that by electing Speaker Lyon as lieutenant governor they will not be losing the services of a trained and forceful legislator because Speaker Lyon would then become presiding officer of the upper chamber—the senate—where he may continue to work in perfect harmony and understanding with Governor Warren, himself a candidate for reelection.

SWIMMING CLASSES AT LAKE TAHOE PLANNED AS RED CROSS WORK

TAHOE CITY—Mrs. A. M. Henry, announces this week that Lou Volz, of the Placer County Red Cross, informed her that Tahoe this year will again enjoy the benefits of a swimming instructor with both young and their elders eligible to take lessons. The courses will start some time in July, with two weeks given at Kings Beach and two weeks at Tahoe City. Classes will be divided into morning and afternoon sessions. At Tahoe City Mrs. Jay Shontz, Mrs. Myrtle Wheat, Edna Wheat and Mrs. Fred Rost will serve as attendants during the lesson periods here. Local residents are highly appreciative that these water safety programs are again being made available to the area.

SKI CLUB AT LAKE NAMES OFFICERS FOR NEXT SEASON

TAHOE CITY—A good crowd was on hand last Friday night for one of the last meetings of the Lake Tahoe Ski Club this season. President Kathleen Starratt presided.

Bob Huston of the Sierra Builders Supply has offered to donate the wood with which to construct a chest for ski club belongings and Steve Craig has offered his services to build it. It will be stored in the closet of the community hall until ski season rolls around again.

Treasurer Bernie Becholdt announced a cash balance in the bank of \$431 with all bills, save one small one, paid in full.

Mrs. Margie Smith was appointed to look into the possibility of securing a deed to the ski club hill in town.

A change in the bylaws was voted to permit election of officers at the last meeting in March in order that new officers may assume their duties by April 1, the start of the fiscal year. A proposal to change club dues back to \$2 per season was voted down and dues remain \$1.

New officers of the club are Ray Fellows, Carnelian Bay, president; Al Henry, 1st vice president; Charles Spalding, 2nd vice president; Margie Smith, corresponding secretary; Marie Henry, recording secretary; Bernie Becholdt, treasurer; Pete Ables, chief of the hill. Four new directors were named. They are Fred Rost, Carl Becholdt Jr., Bill Becholdt and Douglas Smith.

July 1 to 15 has been set for the membership drive, with a award being planned for the member bringing in the highest number of new members.

Officers for the past season, who earned the plaudits of all, were Miss Starratt, Charles Swanson, Fred Rost, Eleanor Swanson, Bernie Becholdt, Bill Becholdt, Joe Henry, Jay Shontz, James Goodhue and Floyd Carnell.

1260 Placer Pupils Get U. S. Aid With Lunches

AUBURN—An average of 1260 Placer county children are receiving federal aid on a balanced lunch or one half pint of fresh milk each school day, according to Mrs. Marian C. Behr, in charge of the program.

Tahoe Lake School at Tahoe City is participating in the program. The Kings Beach school previously had taken part but was unable to obtain a cook for the current year.

The city of Compton in Los Angeles County was incorporated May 11, 1888.

LUMBER COMPANY BUYS TAHOE LAND FOR OVER \$100,000

PLACERVILLE—The Placerville Lumber Company has purchased approximately 3400 acres of timber land on the south end of Lake Tahoe on the Nevada shore near Kingsbury Grade. After logging off salable timber, the tract will be subdivided for homesites.

The tract, according to company officials, was purchased from the Clover Valley Lumber Company of Loyalton for over \$100,000.

Logs will be moved by truck to the mill in Lake Valley. During 1945 the concern placed fourth among 100 western states mills in lumber production, cutting over 49,000,000 feet.

Missouri's pro-rata share of the federal debt is nearly \$8 billion, about twice the value of all taxable wealth in the state.

12 Teachers Needed In Placer's Rural Schools

AUBURN—Elwyn H. Gergory, the county superintendent of schools, said today 12 teachers are needed in the rural elementary school of Placer County for 1946-47. He has recommended a minimum salary of \$2,400 for elementary school teachers.

TAHOE LETTER

From SWANEE

Tahoe City, California.
May 12th, 1946

Dear Tahoeites—

This has been a special sort of day for us motehrs—the one day in the year when we are supposed to be especially honored. I had only one of my four children home with me, but that was enough to keep me from being lonely. That was my daughter Jackie, who cooked chicken dinner for us and gave me a new permanent. Had three letters from son Jimmie today, the first Sunday of the season on which we welcomed the arrival of mail, and a very beautiful card from daughter Phyllis, now Mrs. Charles Hall of Mount Vernon, Ill., who promises a box will arrive very soon with a gift. Daughter Marie left us early this morning, at approximately three, to board a Greyhound bus at Truckee for San Francisco where, after almost a year and a half's absence, she greeted her husband, Bill, who arrived on the 8th from Manila on the hospital ship Marigold. It was a wonderful day

for them, even though their little son, Bill Jr., is vacationing for a week with his aunt and uncle, Mr. and Mrs. Bob Steenis, of Reno. I think I am pretty lucky as my children have always accorded me the most gratifying treatment not only on Mother's Day, but the whole year around.

The weather today was grand and sunny, as it has remained most of the week past, not as warm as some days were, but most pleasant. Traffic has increased considerably, and reports are becoming beehives of activity as they prepare for the largest volume of business ever to come their way.

Manzanita are in full bloom, with the coming of warm weather, and the air is scented with their delicate fragrance. Haven't seen any fire red snowplants yet, but know they won't be long in appearing.

It was a pleasure to welcome home once more Rodney Yeakel of Lake Forest, who spent so many long months overseas for Uncle Sam. He declares that Tahoe looks a thousand times more wonderful to him than he had ever dreamed it could. He and his mom are occupying their Lake Forest summer cottage, but Mrs. Yeakel is not as well as she could be, due to an injury to her back for which she has been taking treatment in Reno. Rod and Dick Carnell were enthusiastically welcomed back at the ski club meeting on Friday night last, and we all hope a grand summer lies ahead for both.

For me the past week has been most interesting, for son Jimmie, stationed at Weisbaden, Germany, continues to send home souvenirs of interest. Among the most recent were two tiny little silver good luck charms, one a Dresden and the other a Saarbrücken, which Jim procured from the German girl who works with him in the post office. Understand some of the girls in town also received some of his charms. Also received an authentic copy of the Instrument of Surrender of the German Armies in Holland, northwest Germany and Denmark, with signatures of officers involved, and a copy of the Act of Military Surrender in English, which was signed at Rheims, France, on May 7, 1945, and a copy of the Instrument of Surrender of the Japanese, signed at Tokyo Bay, Sept. 2nd, 1945, with the official signatures of the United Nations representatives and Hirohito, his prime minister and fourteen cabinet members. On parchment paper, it should last indefinitely. Also have a photo of the Red Cross Eagle Club there which is indeed beautiful. And it's PFC James D. Baker instead of Pvt. now.

Another of Tahoe's former sons has returned for the summer, and is mighty glad to be back. He is Johnnie Perelli, former instructor of golf at the Tahoe Tavern links, who is considering at the moment resuming his old job with the new tavern owners. Johnnie spent four years at Hawaii with the army, teaching GI's and their officers to become experts on the golfing greens. He's been out of the service a little more than three months and is thrilled to be back at his favorite stamping grounds once more. He was the guest of the Nace Firpos at dinner on Friday

night last.

Bertrand Siljan and his wife, the former Mildred Brodehl, and their two children, Janet Ann and Tony, Brodehl, are visiting for a few days with the D. M. Brodehls in town. Mr. Siljan is another recently discharged service man, having seen extensive duty as a petty officer on a submarine. He participated in some thrilling sea rescues and covered most of the world's waterways during his period of service. He is enjoying a brief vacation after recently having undergone a tonsilectomy. The Siljans, and the Oscar Quams shared a round of amusement in Reno on Sunday night, including dinner, together.

Dick Carnell, recently returned home from service with the army in Austria, enjoyed a real birthday celebration on Saturday when a group of his former pals gathered for a turkey dinner and a social evening at the home of his parents, Mr. and Mrs. Floyd Carnell, near town. Dick turned 21 and received some lovely remembrances from his friends and family. Among those present were Mr. and Mrs. William Bechdolt, Mr. and Mrs. Rex Tollefson, the Misses Edna and Bette Wheat, Rodney Yeakel, Pete Ables and Howard Carnell.

There is sadness in the Harry Johanson home today, the sort of grief many of you will know and understand. For some time during Friday night last Harry's beautiful snow white husky, Leo, was run over and killed near Sam's Market by a speeding car. His limp body was found by his owners on Saturday morning, and sadness, such as only the loss of a beloved and faithful pet can create, reigns.

Had a cheery telephone call this morning from my old friend and neighbor, Harriett Valentine, who with her husband arrived back at the lake on Saturday last. She is engaged in the task of selecting the things they wish to take with them and the things they are leaving for the new owners of Valentine's Lodge, Mr. and Mrs. Duff Dean, former residents of Pennsylvania, Florida and more recently of southern California. The deans are preparing one of the cottages for occupancy Monday or Tuesday and are most enthused with their new resort property. Their help will be in on Wednesday to prepare for the opening of the summer season. The Valentines will remain here for about ten days and then return to their paradise by the sea at Balboa. Here they plan to reside indefinitely, with every comfort and convenience at hand, and a world of adventure passing their seaside backdoor every hour of the day. Sale of their Tahoe property prevented them from carrying out plans to vacation with their nieces in Mexico during April and May, so the trip will be postponed until fall. They are not too sorry either, as they have just learned that black markets in Mexico could put those in the United States to shame. The Valentines plan to rest and travel, but will keep in touch with their Tahoe friends through the medium of their Sierra Sun. They regret leaving their beloved Tahoe but have well earned the permanent vacation which is now their lot, over a period of many years. Reluctantly we bid them adios, and happy days ahead. And the Duff Deans? They came in 1926 for their first visit, returned for another in 1936 and in 1946 have arrived to stay. We bid them welcome.

Wind up this for another week on Monday morning, as the sun has finally made its way through the early morning fog. Barometer dropped two points and the air is cooler, but good weather is still prevailing. Send along best wishes for your good health, happiness and fortunes in the weeks ahead and may God be with you today and always. As ever,
SWANEE

A special Mother's Club meeting was called on Thursday evening, May 9th, regarding the coming bond election on June 3rd. A large auditorium and extra classroom will be built if the bond issue carries. Sixteen members were present.

"Whitely" Glover of Yerington is now residing at Kings Beach.

The first aid class under the direction of Constable Harry Johanson of Tahoe City scheduled to start on last Thursday, May 9th, was cancelled until October due to the unusually early opening of the lake season.

Mr. and Mrs. C. Robinson of Reno are at their Tahoe Vista cottage.

DEMOCRATS TOP LIST IN PLACER BY 2 TO 1 FOR PRIMARY VOTE

AUBURN—Voter registrations in Placer County this year showed a gain of 1,763 over the 1944 total according to County Clerk Lillian Rechenmacher. A total of 15,739 persons are qualified to vote in the June 4 primary election this year.

Democrats hold a lead of approximately two to one in the county. The registration shows 10,004 Democrats and 5,330 Republicans. Others were 15 Townsends, 8 Socialists, 21 Prohibitionists, 6 Progressives and 355 non-partisan. The big Democratic majority is piled up in Roseville, with 3129 Democrats are registered to 1015 Republicans.

In District 4 Democrats increased from 1025 to 1224 and Republicans from 654 to 721. In District 5 the Democrats went from 355 to 509 and Republicans from 229 to 289. Both of these districts include portions of Lake Tahoe.

MISS KIRMAN WEDS ARIZONA MAN IN CEREMONY AT RENO

TAHOE CITY— The many Tahoe friends of the Richard Kirman, senior and junior, were pleased to learn of the recent wedding of the attractive only daughter of the young Mr. Kirman of Moana Lane, Reno, to Harry D. Goodfellow of Payson, Ariz.

The ceremony was performed in the home of her parents before members of the immediate families only, Judge E. J. L. Taber, chief justice of the Nevada supreme court, officiating.

The couple stood for the ceremony before the fireplace, banked high with white spring flowers, potted palms and tall candles enhancing the background.

The bride was given in marriage by her father and the wedding march was played by her uncle, Randall T. Layman. The bride's gown was of white crepe, an afternoon dress with gold nail head trim and she carried pink baby roses. Bridal attendants were Miss Carolyn McCampbell of Pasadena, and Mrs. William Wade who wore pastel colored gowns and gardenia corsages. William Wade and Earl Guyton stood with the bridegroom and little Sharon Hunt of Palo Alto, cousin of the bride, in white dotted swiss with pink sash and ribbon, served as flower girl.

The bride's mother chose powder blue and the groom's mother was attired in navy blue sheer, both wearing iris corsages.

An informal reception followed the ceremony with refreshments and the traditional cutting of the wedding cake.

The groom, son of Mr. and Mrs. Henry W. Goodfellow of Payson is a graduate of Brown Military Academy of San Diego and attended the University of Arizona.

The new Mrs. Goodfellow is the granddaughter of ex-Governor and Mrs. Kirman and the late Judge and Mrs. W. H. A. Pike, Nevada pioneers. She is a graduate of Chadwick Seaside School of Los Angeles and attended University of Nevada.

The justweds enjoyed a leisurely honeymoon in southern Nevada, the Grand Canyon, Mexico and Arizona. They plan to make their home for the present in Reno.

Tahoe Families Welcome Additions During Week

TAHOE CITY— Two Tahoe families had additions during the past few days. The Robert Pomins welcomed a little daughter, Danell Ernestine, who tipped the scales at 5 pounds, 14 ounces at St. Mary's Hospital in Reno early Thursday morning, May 9. Both mother and baby are reported progressing most satisfactorily.

Not so fortunate is Mrs. Jack Callahan of Reno, daughter of Mr. and Mrs. Charles Spalding of Tahoe City, whose third child, a son, arrived at St. Mary's on Friday, and weighed 7½ pounds. Mrs. Callahan suffered complications and her physician has forbidden all visitors for several days, due to her critical condition. Her parents, the Spaldings, brought the other two children, Jack and Sharon, over to Tahoe for a vacation here.

Al Henry was a San Francisco visitor last week.

Students of the 4th, 5th and 6th grades of Tahoe Lake School on Friday last produced a play on the stage of the school auditorium titled "The Proud Princess." Leading parts were played by Collette Morhain and Harold Almond. Guests were students of the other classes.

On Friday afternoon at 1:30 PM May 17, the baseball nine of Tahoe Lake School will meet the Kings Beach School team for the first game of competitive baseball of the season. The Tahoe team, captained by Edward Carnell, consists of Roger Hursey, catcher; Howard Carnell and Robert Hursey, pitchers; Ned Stuart, 1st base; Howard Carnell or Robert Hursey, 2nd base; Jimmie Morhain, 3rd base; Clifford Dockham, short stop; Harold Almond, right field; Pat Dempsey, left field, and Edward Sutton, center field.

The game will be held at Kings Beach school yard and the public and parents are cordially invited to attend and root for their favorites.

KINGS BEACH WILL BALLOT ON BONDS FOR SCHOOL WORK

KINGS BEACH— An election will be held in the Kings Beach School District on Monday, June 3, on the question of issuing and selling \$40,000 in bonds for the district. Polls will be open from 1 to 6 PM at the Kings Beach Elementary School. Officers of the election will include Mrs. Jessie Hale, inspector; Mrs. Dorothy King and Mrs. Blanche Peterson, judges.

The purposes of the bond issue, as set forth by the board of trustees, will be to raise money for the following:

The purchasing of school lots; the building or purchasing of school buildings; the making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs; the supplying of school buildings with furniture or necessary apparatus of a permanent nature; the permanent improvement of the school grounds.

The bonds will bear five per cent per annum, payable annually for the first year and semi-annually thereafter. The bonds, numbered one to 40, will run from one to 20 years with two being retired each year.

Beauty Shop Opens At Former Tahoe Home

LAKE FOREST— Residents of the Tahoe area will be pleased to learn that Margaret Finger's Beauty Shop in Lake Forest is now open for business. The shop is located in the former Leif Nielsen home two miles north of Tahoe City on Highway 89. Mrs. Finger is an experienced and capable operator and is prepared to offer cold waves and machineless permanents and all other services to enhance lady's beauty.

Mrs. Gerda Kvistberg has returned to Tahoe from her Burlingame home for a vacation at her Tahoe Park home. She brought along her son and family, Mr. and Mrs. Pine Benson and two children, of Burlingame. The latter departed for home on Sunday.

Placer Delinquencies Low

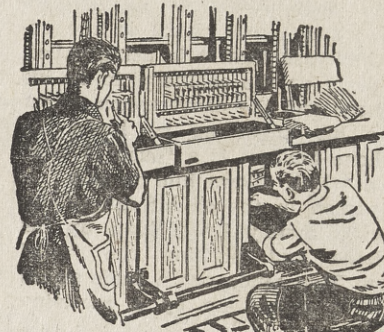

AUBURN— Lou P. Mohan, tax collector of Placer County, announced tax delinquencies in the county total \$13,000 of tax bills aggregating \$874,000. He stated the present figure of .015 per cent will be reduced considerably before the books close on June 30. Last year the final delinquencies totaled less than .01 per cent.

U. S. Publicity Payroll

WASHINGTON— The government is spending almost \$75,000,000 this year alone for propaganda, variously listed as "promotional, educational and publicity," according to Senator Homer Ferguson of Michigan. On the propaganda payroll are 23,000 full time and almost as many part time employees.

Long Distance expansion program in full swing

Millions of dollars will be spent broadening service on the Pacific Coast

In 1946 alone, on the Pacific Coast, millions of dollars worth of long distance equipment will be installed — some 200,000 miles of new circuits, for example... vacuum tube systems that boost the number of calls present wires can handle.

This is a part of our unprecedented \$400,000,000 five-year program to provide an ever expanding, ever improving telephone service here on the Coast.

Yes, we are on our way to providing a broader, faster, long distance service than you ever thought possible. For it is our purpose to grow with the West and help the West grow in every way we can.

"Service-up" your Refrigerator

for Hot weather

- Use a mild soap or soda for cleaning your refrigerator.
- Defrost whenever freezing compartment has coating ¼" thick.
- Wipe up spilled foods at once.
- Do not put hot foods into the refrigerator.
- Store foods properly and do not overcrowd the shelves.

THE TIME is now, as Spring is here and bountiful Summer approaches, to "service up" your refrigerator. Wash it thoroughly inside and out so that it will be sweet and clean for fresh food storage. Carefully give it soothing drops of oil where needed. Whisk out dirt and dust from the mechanism with a handbrush and dust rag. And of course, never let frost "choke up" freezing compartment. You MUST depend on your present refrigerator to take care of food for the hot summer days ahead. If repair is necessary, have it done now before the summer rush.

SP RAIL TELEPHONE SERVICE IS TESTED IN S. F. BAY REGION

Joint announcement was made today by the Southern Pacific Company and the Pacific Telephone and Telegraph Company that tests and trials will be conducted in San Francisco soon on the use of mobile radiotelephone service between two switch engines operating in the San Francisco yard area and the railroad company's regular telephones. The experiments will take place in the San Francisco yard area which extends from the Third and Townsend Depot to San Bruno.

No permanent installations of the kind are planned by the railroad at this time, it was said, but the tests are expected to develop the possibility of easy two-way conversations

between switch engines and the directing officials of the yard system. Mobile radiotelephone sets consisting of a small transmitter and receiver will be installed in two locomotives. A radio transmitter using the antenna recently installed on top of the 140 New Montgomery Street telephone building will be used and receiving stations will be provided in San Francisco, Oakland, San Carlos and Richmond. Several receiving stations are employed so that one or more stations will be in the range of the relatively low powered sets in the engines.

Briefly, here's how the test calls will be handled by a mobile service operator at the telephone central office. The conversation will travel by telephone wire between telephones at the Southern Pacific Company offices and the radio transmitting station on top of the telephone building, and by radio from there to the engines. If a person at his desk in the Southern Pacific Company wants to talk to a party on one of the engines, he reaches the mobile service operator and gives her the call number of the particular engine. The mobile service operator sends out a signal on the radio channel corresponding with the call number assigned to that particular engine. An audible and visual signal in the engine indicates that it is being called. The party on the engine picks up his telephone and the conversation starts. Under his finger as he holds the telephone handset is a "push to talk" button which allows him to talk.

A person in the engine can originate calls merely by picking up his telephone and pushing the "talk" button. This sends out a radio signal which is picked up by a receiving

DAMAGES OF \$8,298.55 IN AUTO CASE GIVEN BY COURT IN PLACER

AUBURN— Miss Marguerete B. Renkel of Los Angeles was awarded \$8,298.55 damages from Andrea Armati of Truckee in Placer County superior court last week as the result of injuries received when struck by a truck driven by Armati on the Truckee-Tahoe highway on July 17 of last year.

Armati's defense was that Miss Renkel was walking on the wrong side of the road when his truck hit her and caused her injuries which kept the 20 year old woman in the hospital over two months. The plaintiff proed she had been sufficient distance off the road and was not walking on the highway when the accident occurred. Her attorney also charged Armati with reckless operation of his truck.

Miss Renkel had asked \$25,000 in damages in the suit as filed.

Mr. and Mrs. A. M. Henry of Tahoe City observed Mother's Day with a family dinner party at their home. Guests included Mrs. Henry's mother, Mrs. Mary Planett of Verdi and her brother Fred Planett, Mr. and Mrs. Carl Wheat and daughters Edna and Bette, Mr. and Mrs. Al Henry and two children.

station and travels by telephone wire to the central office. The mobile service operator gets this signal and "comes in on the line". The party calling gives her the telephone number he wants and the call goes through in the usual way.

These tests and trials are separate from the recently announced experiments to be made by the telephone company with mobile radiotelephone service to automobiles and other moving vehicles. It is expected, however, that much of the land station equipment to be used will be utilized later in the experiments with moving vehicles.

MY PLAGE in the SUN

by DOUG BARRETT

HERE and THERE: Our able assessor, Phil Scadden, and his diligent deputies, Del Powell and Bill Tambyln, setting up office in the chamber of commerce...they tell me that C. E. Smith is, among other things, an accomplished baker...Mrs. E. C. Bavier, Tillie Smith, Lucile Little, George Andrich and Jerry Zunino all talking of forming a street sweepers union...Andy Rogers, homespun candidate for congress, really making a campaign out of it...sorry I must miss the baseball game at Kings Beach school Friday aft...Vern Shattuck is making his weekly trips to Downieville again...Tony Pace from Truckee Merc putting a new Venetian blind in Firpo's Tourist Cafe...Sarge Reynolds in a hurry to get to Reno...Annie Tonini really looks like her vacation did her good...the old hill favorite, "They Cut Down the Old Pine Tree", isn't music to Hank Loehr....

Tomorrow is school election day in Truckee, and for that matter, all through Nevada and Placer counties. At Tahoe City, Mrs. Northie Pomin is without opposition for the post she has so ably filled for so many years. At Kings Beach, three candidates are seeking the post now held by D. C. Barnett who is retiring. In Truckee, on the grammar school board, Elden Tonini, the president is not seeking reelection and Mrs. Zula Rablin is seeking, without any announced opposition, to replace him. On the Meadow Lake Union High School board the terms of Mrs. Lotta Bryant and Mrs. George D. Kamp expire and they are not being opposed for reelection. Contest or not, these posts should not be allowed to go by default. If you feel our schools are being administered—insofar as the boards are concerned—in an efficient and capable fashion, go to the polls and vote for the incumbents. If on the other hand, you are not satisfied, go to the polls and register your protest by voting for someone of your choice by write in. In any case, if you love your children and have any thought about their education, turn out and vote. How you vote is secondary, so long as you register your interest in your children's schools.

Tahoe Women's Club to Hear Nominations June 6

TAHOE CITY— The Women's Club of Tahoe met in regular session on Thursday afternoon last in community hall, President Swanson presiding. Routine business, including payment of all outstanding bills, consumed most of their attention.

Mrs. June Mandeville was admitted as a new member.

The matter of amending the bylaws was tabled to a later meeting.

June 6 is the date of the next meeting at which time the nominating committee will present its slate for election to club offices. On the committee are Mrs. Ruth Ables, Mrs. Myrtle Wheat and Mrs. Irene Duffee.

State's Air Force

SACRAMENTO, May 13 —(UP)— Gen. Curtis D. O'Sullivan, state adjutant general, reported today an additional fighter squadron for the state's national guard air arm has been requested.

O'Sullivan said the air arm is being sought for the Sacramento area. The organization, designated as the 190th fighter wing, originally was to be assigned to Hawaii, but plans to locate it there have been cancelled.

to the Editor

Gridley, Illinois

Dear Barretts:
The family is fine—we all love it here, although I must admit that sometimes I look out and wish I could see just one mountain. Here there is only miles of prairie between you and the "dropping off place."

Have you heard what they say about the "poor" farmer? That is a fallacy. It's early to bed and early (very early) to rise—and lots of hard work but how we smirk when we hear of empty meat shelves and a butter shortage and high prices. We have only to churn our own butter and we feed the skim milk to the hogs. There is a quarter of beef, two hogs and a couple of dozen fryers in the freezing locker. Although it is the end of winter, there are still potatoes, carrots and plenty of canned fruit and vegetables in the basement. The oats are three inches high and 143 acres lie fallow waiting for the corn seed to be sowed next week. There are 136 spring pigs and 74 fall pigs went to market last week. The cows are doing fine—and in another month we will butcher 150 fryers and still have that many pullets to lay eggs for us all next winter.

We have fun too—not hunting or fishing or skiing—but home bureau picnics and basket suppers at our one room school house. Two weeks ago we had a grand day. Our neighbor, Mr. Cleary, was in the hospital so all the farmers took their tractors and plowed, disced and harrowed 130 acres of land for him. All their wives took the dinner—prepared, served and cleaned up—and then cleaned the house for Mrs. Cleary. Did you ever see 26 tractors at work at once? Or help serve dinner for 63 people in one dining room? It's fun!

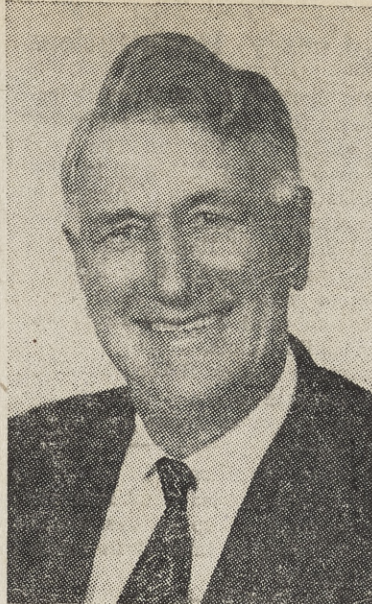

But we do miss Truckee. We will be back some day—for a vacation. In the meantime we wonder if we will know the old place—all the new business places—and so many new names in the paper. Our affectionate regards to you and to all our friends. If you ever come back this way—be sure to let us know and visit our little sleepy country home.

ANDY ROGERS VISITS, REPORTS GOOD SUPPORT IN CONGRESS CAMPAIGN

Andrew W. "Andy" Rogers, candidate for Congress, was calling on voters in the Truckee-Tahoe area early this week and reported that, in his campaigning in the 18 counties of the 2nd Congressional District, he has met with much favorable response toward his candidacy. He also said he found a definite trend toward a change generally in the district.

In the meantime, he has received the endorsement of the state Republican Central Committee, the Second Congressional Republican Committee and the Nevada County Republican Central Committee.

Rogers appeared before the latter group and stated that his campaign is on the broad lines of relief from what he termed unjustified restrictions in the business and vocation of the people. He also is waging a crusade against the waste of public monies and goods, a subject in which he has conducted extensive investigations over a period of years.

Beside, endorsing Rogers, the county group appointed Elton Williams, a World War II veteran of Grass Valley, as secretary-treasurer of the Rogers For Congress campaign.

ately 440,500 discharged vets have returned to civilian life in this state, including 93,500 from other states. Veterans in California at the close of 1945 numbered 710,000, including 187,000 out of states.

Yuba Pass Snow Survey

The final snow survey of the year was made on Yuba Pass May 1 by Forest Service officers. The average depth was 39.07 inches with water content of 22.60 inches against 100.34 inches of depth and 44.15 water content on April 1.

Democrats Still Top List In County Registrations

County Clerk R. N. McCormack has completed the count of registered voters in Nevada County. The total is 8907 as compared with 8090 in 1944. Democratic registrations numbered 4983 as compared with 4429 two years ago and registered Republicans numbered 3624 as compared with 3425 in 1944. Those who did not state their party choice total 293 and there are seven Prohibitionists.

McCormack states the registration figures indicate a population in the county in excess of 14,000.
